 763/464-2566

Wade Nelson Bd M

Bill Kreul Bd M 320/259-0307

GRASS ROOTS EAA Sponsored by Chapter 237. About eleven Chapter 551 members attended the Grass Roots meeting on Monday 8/27/2012. It was good to see the Oshkosh Staff out talking with and meeting Chapter members. This is the first time in my 25 years as an EAA member that they have taken the time to see what is going on at the local level. Jeff Skiles made it clear the real work of EAA is done by the local Chapters and Oshkosh wants to help strengthen and grow the Chapters. We hope they will continue to hold Grass Roots meetings on a regular basis!

EAA Chapter 551 building efforts are at an all time high. Currently the following are building airplanes. Mark Phillips is building a Bearhawk, Greg Bednark is building a Rans S7. Gary Engler and Wade Nelson are building a Cubby. Ken Olson is working on a Fisher Celebrity. John Basol has built a Cosey and has flown it. In addition Larry Oswell is flying off the time on his Zenair 750 and Gary Engler is flying his Challenger, John Vick (Summer Member has an RV-8. Tim Mahoney is flying his RV-4, Dale Field is flying his RV-6A and Dick Schaefer, Scott Olson, and John Vick are flying my RV-6A.
